3rd India Rendezvous

19 - 21 January 2010 • Trident, Nariman Point, Mumbai, India

India is a dynamo of the world economy and its insurance and reinsurance needs are booming. It remains a booming and attractive market for the global insurance industry.

Asia Insurance Review together with GIC Re as co-organiser, and the International Insurance Society as a supporting organisation, is bringing a high level panel of insurance and reinsurance experts including speakers from United Nations' Insurance Programme and the World Bank's International Finance Corporation for the Rendezvous. The Conference will look at current hot and key issues that move the Indian market, including detarrification, the new Insurance Bill, effects of the global financial crisis, and managing catastrophe exposures as well as serving the reinsurance needs of the fast growing Indian economy.

As a Rendezvous, the programme is designed to offer plentiful opportunities for bilateral discussions and networking, in time for the renewal season! Following the successful format of the past India Rendezvous, this event will have only speeches in the morning with the afternoons set aside for bilateral discussions between interested parties. Each local Indian company will be given a table at the Rendezvous to meet their brokers and reinsurers. Last year we had some 240 delegates from around the world.

**We are pleased to offer
3 complimentary passes to
all India based Life and
General Insurance Companies.**
