12th FICCI HEALTH INSURANCE CONFERENCE

INNOVATION FOR BRIDGING THE GAP

13th March, 2020 | Hotel President, Cuffe Parade, Mumbai
The Health insurance industry in India is the fastest growing segment and is projected to grow at a CAGR of 21% till 2025. The growth will be fuelled by both demand and supply, where demand will be driven by a growing middle class, young insurable population and an increasing awareness of the need for protection. Further, the increase in products, insurers and intermediaries operating in this space will drive the supply.

There are, however, gaps in the areas of digitisation, financing, technology and fraud control that hold the industry back. These gaps can be addressed through innovative ideas, which can remove roadblocks pertaining to penetration and can help the industry to grow rapidly.

Keeping these imperatives in mind, FICCI’s 12th Annual Health Insurance Conference on the theme “INNOVATION FOR BRIDGING THE GAP” will focus on bridging the identified industry gaps through innovation. The outcome of this effort will be an increase in TRUST, AFFORDABILITY & ACCESSIBILITY. The conference will also showcase a curated set of start-ups that are working to address these gaps with solutions that could potentially be game changers.
