ABOUT THE HANDBOOK

This handbook is a part of the continued efforts of the Insurance Brokers Association of India (IBAI) to provide additional data to help policyholders make an informed decision by analyzing general insurers from a claims perspective.

ABOUT INSURANCE BROKERS

Insurance Brokers are the only intermediaries who represent the policyholders and are regulated by the IRDAI (Insurance Brokers) Regulations, 2018. Insurance brokers are the fastest growing among insurance distribution channels contributing to about INR 42,335 crores of gross direct premium in FY20-21 resulting in around 31% of the non-life insurance premium. As per the EY Vision 2025 report on Insurance Brokers Driving Customer Centric Growth, it is expected that insurance broking will contribute close to 40% of gross direct premium in non-life insurance in the progressive scenario.

ABOUT INSURANCE BROKERS ASSOCIATION OF INDIA

Insurance Brokers Association of India (IBAI) is the only Insurance Regulatory and Development Authority of India (IRDAI) recognized apex body of licensed Insurance Brokers. As per IRDAI (Insurance Brokers) Regulations, 2018 framed by the IRDAI, all licensed Brokers are required to be members of IBAI. As of 4th April, 2022, there are 550 insurance brokers in India, including Direct Insurance Brokers, Composite Insurance Brokers and Re-insurance Brokers.

METHODOLOGY

This study considers the following criteria to analyze the claims data of insurers, which are published on their respective websites as a part of IRDAI Regulations.

The entire data used in this handbook is objective and based on public disclosures by each insurer themselves on their websites as required under IRDAI's public disclosure of data requirements. Ratios have been calculated to compare the data with complete transparency. Thus, the ratio calculations are entirely objective and none of the factors involves personal opinions or any biases. The outcomes are purely data driven.

Please note the denominator for the Claim Settlement Efficiency Ratio, Claims Pendency Ratio, Claims Settlement Ratio, Claims Repudiation Ratio and Claims Open Ratio is defined as below:

Total Claims Available for Processing =

Total Claims Outstanding at the beginning of the Quarter ended June 30th, 2020 +
Total Claims Reported during the year ended March 31st, 2021.

Please note each of these ratios is in percentage terms, calculated according to the formulae defined below.

1. Solvency Ratio -

It measures the extent to which assets cover expected future payments (i. e., claims). IRDAI requires insurers to maintain a solvency minimum of 1.5 at all times

2. Claims Settlement Ratio -

The number of claims settled during the year from the total claims available for processing.

<Higher the claims settlement ratio, better is an insurance company in terms of the measured ratio>

Claims Settlement Ratio =

Total number of claims settled for the year ending March 31st, 2021

Total Claims available for processing for the year ending March 31st, 2021

3. Claims Settlement Efficiency Ratio -

The efficiency of an insurance company to settle the claims, i.e., the number of claims settled in 3 months as compared to the total number of claims available for processing.
<Higher the claims settlement efficiency ratio, better is an insurance company in terms of the measured ratio>

Claims Settlement Efficiency Ratio =

Sum of Total number of claims settled within 3 months for quarters 1, 2, 3 and 4
Total Claims available for processing for the year ending March 31st, 2021

4. Claims Repudiation Ratio -

The number of claims that were repudiated by the insurer out of the total number of claims available for processing.

<Lower the claims repudiation ratio, better is an insurance company in terms of the measured ratio>

Claims Repudiation Ratio =

Total number of claims repudiated during the year ending March 31st, 2021
Total Claims available for processing for the year ending March 31st, 2021

5. Claims Closed Ratio -

The number of claims that were closed by the insurer out of the total number of claims available for processing.

<Lower the claims repudiation ratio, better is an insurance company in terms of the measured ratio>

Claims Closed Ratio =

Total number of claims closed during the year ending March 31st, 2021
Total Claims available for processing for the year ending March 31st, 2021

6. Claims Outstanding Ratio -

The number of claims that were outstanding out of the total number of claims available for processing.

<Lower the claims outstanding ratio, better is an insurance company in terms of the measured ratio>

Claims Outstanding Ratio =

Total number of claims outstanding as on March 31st, 2021
Total Claims available for processing for the year ending March 31st, 2021

7. Claims Pendency Ratio -

The number of claims that are pending for more than 1 year out of the total number of claims available for processing.

<Lower the claims pendency ratio, better is an insurance company in terms of the measured ratio>

Claims Pendency Ratio =

Total number of claims outstanding for more than 1 year as on March 31st, 2021

Total Claims available for processing for the year ending March 31st, 2021

8. Grievance Ratio -

The number of grievances that are resolved (fully or partly) of the total number of grievances for processing.

<Higher the grievance ratio, better is an insurance company in terms of the measured ratio>

Grievance Ratio =

Total number of grievances as on March 31st, 2021

Total Grievances available for processing for the year ending March 31st, 2021

General Insurers are evaluated and ranked for the above 6 criteria for individual lines of business, i.e., Fire, Marine Cargo, Marine Hull, Motor Own Damage, Motor Third Party, Health and Miscellaneous and for all lines of business combined.

Life Insurers have been evaluated on **Death claims settlement rate, Death claims paid in 30 days, Maturity claims paid in 30 days and Claim complaints**

General Insurer Categories:

Insurers are categorized into four different categories according to the Gross Premium Written by them in that line of business for the year ended 31st March 2021 segmentwise data shared by the General Insurance Council. For ratios based on all lines of business combined, the total premium written is considered.

I. Public Sector General Insurers

II. Large Private Sector General Insurers: The top 10 private sector general insurers on the basis of the gross premium written in that line of business for line of businesswise ratios for the specified period.

III. Other Private Sector Insurers: The remaining private sector insurers.

IV. Standalone Health Insurers: The claims settlement efficiency ratio, claims repudiation ratio, claims outstanding ratio, claims settlement ratio and claims pendency ratio were considered for the Health and Miscellaneous line of business only for the following -

- a. Max Bupa Health Insurance
- b. Religare Health Insurance
- c. Star Health and Allied Insurance
- d. Manipal Cigna Health Insurance
- e. Aditya Birla Health Insurance

OVERALL INSURERS' COMPARISON: SOLVENCY RATIO

Solvency Ratio as on March 31st, 2021 – It measures the extent to which assets cover expected future payments (i. e., claims). IRDAI requires insurers to maintain a solvency minimum of 1.5 at all times.

The comparison of the below ratios is based on the findings of the previous editions of the IBAI General Insurance Claim Insights Handbook based on data disclosed for the years ending March 31st, 2018, March 31st, 2019, March 31st, 2020 and March 31st, 2021 respectively.

PUBLIC SECTOR GENERAL INSURERS					
RANK	INSURER	SOLVENCY RATIO (2021)	SOLVENCY RATIO (2020)	SOLVENCY RATIO (2019)	SOLVENCY RATIO (2018)
1	New India	2.13	2.11	2.13	2.58
2	United	1.41	0.30	1.52	1.54
3	Oriental Insurance	1.40	0.92	1.57	1.66
4	National	0.62	0.02	1.04	1.55

LARGE PRIVATE SECTOR GENERAL INSURERS					
RANK	INSURER	SOLVENCY RATIO (2021)	SOLVENCY RATIO (2020)	SOLVENCY RATIO (2019)	SOLVENCY RATIO (2018)
1	Bajaj Allianz	3.45	2.54	2.55	2.76
2	ICICI Lombard	2.90	2.17	2.24	2.05
3	Tata AIG	2.22	1.84	1.63	1.69
4	Cholamandalam MS	2.78	1.58	1.55	1.61
5	SBI General	2.00	2.27	2.34	2.54
6	HDFC ERGO	1.90	1.89	1.75	2.06
7	IFFCO Tokio	1.73	1.58	1.66	1.62
8	Reliance General	1.65	1.52	1.60	1.68
9	Future Generali	1.61	1.51	1.54	1.69
10	Universal Sampo	1.90	2.28	2.24	2.30

SMALL PRIVATE SECTOR GENERAL INSURERS

RANK	INSURER	SOLVENCY RATIO (2021)	SOLVENCY RATIO (2020)	SOLVENCY RATIO (2019)	SOLVENCY RATIO (2018)
1	Raheja QBE	3.66	2.46	3.83	4.32
2	Shriram General	3.63	3.67	3.47	2.35
3	Liberty Videocon	2.92	2.18	2.15	2.40
4	Navi General	2.12	3.35	2.60	3.34
5	Edelweiss	2.09	2.36	2.40	2.81
6	Go Digit	2.01	3.24	2.27	5.48
7	Kotak Mahindra General	1.95	2.13	1.86	1.88
8	Acko	1.91	4.24	1.78	2.48
9	Royal Sundaram	1.87	1.69	1.93	2.21
10	Magma HDI	1.79	1.71	1.58	2.01

STANDALONE HEALTH INSURERS

RANK	INSURER	SOLVENCY RATIO (2021)	SOLVENCY RATIO (2020)	SOLVENCY RATIO (2019)	SOLVENCY RATIO (2018)
1	Religare Health	2.45	1.55	1.56	1.56
2	Star Health	2.22	1.88	2.01	1.77
3	Manipal Cigna	2.12	1.90	2.23	2.06
4	Max Bupa	2.09	1.77	1.77	2.11
5	Aditya Birla Health	1.82	1.81	1.62	1.67

Note: The IRDAI prescribed minimum solvency ratio is 1.5 to be maintained at all times. This ratio is based on the net written premium and net written claims.

OVERALL INSURERS' COMPARISON: CLAIMS SETTLEMENT RATIO

Claims Settlement Ratio for the year ended March 31, 2021 – The number of claims settled in the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021 from the total claims available for processing, i. e., the total number of claims outstanding at the beginning of the quarter 1 + total number of claims reported/booked during the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021.

The comparison of the below ratios is based on the findings of the previous editions of the IBAI General Insurance Claim Insights Handbook based on data disclosed for the years ending March 31st, 2018, March 31st, 2019, March 31st, 2020 and March 31st, 2021 respectively.

Claims Settlement Ratio =

Sum of Total number of claims settled for quarters 1, 2, 3 and 4

Total Claims available for processing for the year ending March 31st, 2021

Higher the Claims Settlement Ratio, better is an insurance company in terms of the measured ratio

OVERALL INSURERS' COMPARISON: CLAIMS REPUDIATION RATIO

Claims Repudiation Ratio for the year ended March 31, 2021 – The number of claims repudiated out of the total number of claims available for processing, i. e., the total number of claims outstanding at the beginning of the quarter 1 + total number of claims reported/ booked during the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021.

The comparison of the below ratios is based on the findings of the fifth edition of the IBAI General Insurance Claim Insights Handbook based on data disclosed for the year ending March 31st, 2020.

Please note, the findings of previous editions included claims closed with claims repudiated.

Claims Repudiation Ratio =

Sum of Total number of claims repudiated during quarters 1, 2, 3 and 4

Total Claims available for processing for the year ending March 31st, 2021

Lower the Claims Repudiation Ratio, better is an insurance company in terms of the measured ratio

PUBLIC SECTOR GENERAL INSURERS

**The claims information in the last quarter includes both leader and follower claims. This is a methodology change in reporting across insurers for claims data reported for the quarter ending March 31, 2021 and all subsequent periods basis Authority's mail dated 26th March, 2021.

FIRE: CLAIMS REPUDIATION RATIO

Claims Repudiation Ratio for the year ended March 31, 2021 – The number of claims repudiated by the insurer out of the total number of claims available for processing, i. e., the total number of claims outstanding at the beginning of the quarter 1 + total number of claims reported/booked during the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021.

Claims Repudiation Ratio =

Sum of Total number of claims repudiated during quarters 1, 2, 3 and 4

Total Claims available for processing for the year ending March 31st, 2021

Lower the Claims Repudiation Ratio, better is an insurance company in terms of the measured ratio

3	New India	41.15%	486
4	United India	36.94%	517

PRIVATE SECTOR GENERAL INSURERS			
RANK	INSURER	CLAIMS SETTLEMENT RATIO	NO. OF CLAIMS AVAILABLE FOR PROCESSING
1	IFFCO Tokio	117.81%**	73
2	HDFC ERGO	30.77%	26
3	Future Generali	20.00%	5
4	Reliance	10.34%	29
5	ICICI Lombard	5.65%	248
6	Bajaj Allianz	0.00%	14
	Royal Sundaram	0.00%	1

Only the insurers mentioned above had business written in the Marine Hull line of business.

*Please note that the above ranks have been derived on the basis of ratios calculated upto two decimal places. For the sake of simplicity, the data has been rounded off. This data is based on the number of claims and not claim amount. Data on claims by amount is not available in the public domain in the Indian Market.

**The claims information in the last quarter includes both leader and follower claims. This is a methodology change in reporting across insurers for claims data reported for the quarter ending March 31, 2021 and all subsequent periods basis Authority's mail dated 26th March, 2021.

MARINE HULL: CLAIMS SETTLEMENT EFFICIENCY RATIO

Claims Settlement Efficiency Ratio for the year ended March 31, 2021 - The efficiency of an insurance company to settle the claims, i.e. the number of claims settled in 3 months as compared to the total number of claims available for processing, i. e., the total number of claims outstanding at the beginning of the quarter 1 + total number of claims reported/ booked during the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021.

Claims Settlement Efficiency Ratio =

$$\frac{\text{Sum of Total number of claims settled within 3 months for quarters 1, 2, 3 and 4}}{\text{Total Claims available for processing for the year ending March 31st, 2021}}$$

Higher the Claims Settlement Efficiency Ratio, better is an insurance company in terms of the measured ratio

PUBLIC SECTOR GENERAL INSURERS			
RANK	INSURER	CLAIMS SETTLEMENT EFFICIENCY RATIO	NO. OF CLAIMS AVAILABLE FOR PROCESSING

This data is based on the number of claims and not claim amount. Data on claims by amount is not available in the public domain in the Indian Market.

MOTOR TP : CLAIMS SETTLEMENT RATIO

Claims Settlement Ratio for the year ended March 31, 2021 – The number of claims settled in the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021 from the total claims available for processing, i. e., the total number of claims outstanding at the beginning of the quarter 1 + total number of claims reported/booked during the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021.

Claims Settlement Ratio =

Sum of Total number of claims settled for quarters 1, 2, 3 and 4

Total Claims available for processing for the year ending March 31st, 2021

Higher the Claims Settlement Ratio, better is an insurance company in terms of the measured ratio

3	Kotak Mahindra General	0.52%	775
4	Liberty Videocon	1.34%	17351
5	Magma HDI	4.29%	699
6	Raheja QBE	4.95%	768
7	Shriram General	10.16%	2519

STANDALONE HEALTH INSURERS

RANK	INSURER	CLAIMS PENDENCY RATIO	NO. OF CLAIMS AVAILABLE FOR PROCESSING
1	Cigna TTK	0.00%	183
	Max Bupa	0.00%	275
	Religare Health Insurance Company Ltd.	0.00%	5501
	Star Health	0.00%	5753
2	Aditya Birla Health Insurance Co. Limited	2.36%	888

#Note: Raheja QBE primarily writes liability insurance where claim payment takes place in the future. That is why immediate or short term settlement of claims is low leading to a larger number of claims pending for more than one year. This holds true for all liability business.

*Please note that the above ranks have been derived on the basis of ratios calculated upto two decimal places. For the sake of simplicity, the data has been rounded off. This data is based on the number of claims and not claim amount. Data on claims by amount is not available in the public domain in the Indian Market.

LIFE: CLAIMS SETTLEMENT RATIO

Claims Settlement Ratio for the year ended March 31, 2021 – The number of claims settled in the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021 from the total claims available for processing, i. e., the total number of claims outstanding at the beginning of the quarter 1 + total number of claims reported/booked during the quarters 1, 2, 3 and 4 of the financial year ended March 31, 2021. This data has been extracted from the IRDAI annual report for the financial year FY21.

S.No.	Insurer	Claims settlement rate

SOURCES AND LIMITATIONS OF CONSIDERED DATA

I. Sources of Data:

- a. **Claims related data is taken from respective public disclosures of General Insurance companies from their respective websites for the quarters 1, 2, 3 and 4 of the year ended March 31, 2021. These disclosures include the following:**
 - i. NL 24 (Ageing of Claims): It includes data on how claims have been paid over various time periods. Here, the data for Claims Paid in 0-1 month has been clubbed with the data for 1-3 months to arrive at 0 – 3 months data.
 - ii. NL 25 (Claims Data): It includes data on ageing of outstanding claims over various time periods.
- b. **For Life Insurance companies, Claims related data has been taken from the below sources**
 - i. Death Claims Settlement Rate - IRDAI Annual report
 - ii. Solvency ratio - IRDAI Annual Report
 - iii. Death claims paid in 30 days - L-39 of insurer's public disclosure
 - iv. Maturity claims paid in 30 days - L-39 of insurer's public disclosure
 - v. Claims Complaints - L-41 of insurer's public disclosure
- c. **For the above mentioned general insurance disclosures, the Miscellaneous line of business have been clubbed together as - Miscellaneous: Engineering, Aviation, Liability, Credit Insurance, Personal Accident, Travel, Crop & Other Miscellaneous Insurance.**
- d. **Solvency Ratio data is sourced from NL33 published on insurer's website for general insurers and the IRDAI Annual Report for life insurers as on March 31, 2021**
- e. **The gross premium written by the general insurers in each line of business has been sourced from the segment-wise data disclosed under the IRDAI Annual Report 2020-21**
- f. **The data considered only refers to the number of claims and not claim amount. Corresponding data on claim amount is not available in the public domain for the Indian insurance market.**
- g. **For SBI General Q4 2021, NL-24 details were not available**
- h. **There is a discrepancy in the data for claims outstanding at the beginning of the quarter for the following general insurers -**
 - i. Cholamandalam MS General Insurance Co. Ltd.
 - ii. HDFC ERGO General Insurance Co. Ltd.
 - iii. IFFCO Tokio General Insurance Co. Ltd.
 - iv. Raheja QBE General Insurance Co. Ltd.
 - v. The Oriental Insurance Co. Ltd.
 - vi. Universal Sompo General Insurance Co. Ltd.

- i. For the following general insurance companies, the total claims available for processing (i. e., sum of total claims reported during the quarter and total claims outstanding at the beginning of the quarter) is not equal to the sum of total claims paid, total claims closed (if applicable), total claims repudiated and total claims outstanding at the end of the quarter –**
- i. Acko General Insurance Ltd. (only in Motor OD, Health and Miscellaneous)
 - ii. Bajaj Allianz General Insurance Co. Ltd. (only in Fire, Marine Cargo and Miscellaneous)
 - iii. Cholamandalam MS General Insurance Co. Ltd.
 - iv. Manipal Cigna Health Insurance Co. Ltd. (Only in Health)
 - v. Future Generali India Insurance Co. Ltd. (only in Miscellaneous)
 - vi. HDFC ERGO Health Insurance Co. Ltd. (only in Health and Miscellaneous)
 - vii. IFFCO Tokio General Insurance Co. Ltd.
 - viii. National Insurance Co. Ltd.
 - ix. The New India Assurance Co. Ltd. (only in Motor OD and Motor TP)
 - x. Raheja QBE General Insurance Co. Ltd.
 - xi. Care Health Insurance Ltd. (only in Health and Miscellaneous)
 - xii. Royal Sundaram General Insurance Co. Ltd. (Only in Fire, Marine Cargo, Motor OD, Health and Miscellaneous)
 - xiii. Star Health & Allied Insurance Co. Ltd. (only in Health and Miscellaneous)
 - xiv. The Oriental Insurance Co. Ltd.
 - xv. Universal Sompo General Insurance Co. Ltd.
 - xvi. Aditya Birla Health insurance Co. Ltd. (only in Health and Miscellaneous)

II. Limitations:

- a. L&T General Insurance – The company now has been acquired and no more accepting new proposals.
- b. Reliance Health Insurance is no longer soliciting new policies and all its existing policies have been transferred to Reliance General Insurance Co. Ltd. for servicing as per the IRDAI Press Release dated November 06, 2019.
- c. HDFC Ergo Health (formerly Apollo Munich Health Insurance) has not been considered for the analysis due to unavailability of public disclosure data at the time of analysis.
- d. For IFFCO Tokio and Universal Sampo, Quarter 4 NL 24 and NL 25 are for full year period i. e., from April 01, 2020 to March 31, 2021.
- e. For Raheja QBE, only the Miscellaneous line of business has been considered since the premium written by Raheja QBE, in other lines of business is not comparable to that of other insurers.
- f. **Standalone / Specialized Insurers – Following specialized insurers are not considered for evaluation:-**
 - i. Agriculture Insurance Corporation of India
 - ii. Export Credit Guarantee Corporation of India
- g. **Disclaimer shared by Raheja QBE:**

Approximately 90% of Raheja QBE's book constitutes of the Long-tail class. It is generally the other way round for the rest of the Indian non-life market. RQBE is an outlier. Raheja QBE's book of business is predominantly the liability segment or long tail class.

 - i. The long tail claims develop slowly and the matrix used to measure short tail (motor, health and property which constitute over 80% of the Indian market portfolio) claims pendency do not always apply to long tail class.
 - ii. The liability for claims that do not proceed to final settlement until a length of time beyond the policy year. High incurred but not reported (IBNR) claims contribute to this "tail" effect, since these losses are usually not settled until several years after the expiration of the policy in question.

WHY AVAIL OF AN INSURANCE BROKER?

Insurance brokers are the only insurance distribution channel which represents the policyholders. As is the case with other countries, the concept of an Insurance Broker was introduced by the Insurance Regulatory & Development Authority of India (IRDAI) through the IRDA (Insurance Brokers) Regulations, 2002 and amended in 2013 and 2018. These regulations define the functions and the code of conduct of an Insurance Broker.

- Some insurance policies can be complicated, and an insurance broker can help a policyholder understand the details of a policy and also work out what the level of cover needed to ensure that the policyholder's interest is well-protected.
- Brokers can often find you a good deal on insurance because they have a thorough understanding of the insurance market and can negotiate premiums on your behalf.
- A broker will explain the insurance policy and advise the policyholder on any special situations that they need to know about.
- Brokers can prepare a customized insurance and risk management program for a policyholder and his/her business, where they design the policies, negotiate the terms with insurance companies and place the cover with the insurer.
- By including a risk management program, some of the responsibility for risk prevention and loss minimization for the policyholder or their business through reduction of premium costs.
- The cost of availing of an insurance broker is not lower than going directly to an insurer since the insurance broker's fees are borne by the insurer.
- In case of a claim on the policy, an insurance broker will assist the policyholder through the process and will liaise with the insurer on their behalf.

GLOSSARY
